DRAWING CLASSES - Ngaio Studio

To learn to draw is a fantastic thing to have in your life. It requires a willingness to listen to instruction, be prepared to experiment with ideas and practise, practise, practise. Our drawing classes are for kids who want to learn to draw! Kids will learn the skills and techniques of drawing, with direction each week from an experienced tutor. There is a requirement that kids will practise their drawing at home. Although our classes are divided by age, all classes are directed by the same drawing lessons programme. Please note children in each class may vary in levels of drawing abilities. Our tutors cater to each level of ability. All students will be given a sketch book per term to continue their drawing practice
